

Robert Wood Johnson  
Medical School  
DEPARTMENT OF PEDIATRICS

June 24, 2024

Kulwinder Dhaliwal MD MPH  
65 Bonnie Drive  
Manalapan, NJ 07726

Dear Dr. Dhaliwal,

I am pleased to inform you that you have been accepted as a Postdoctoral Fellow in the Division of Population Health, Quality, and Implementation Science (PopQuIS) of the Department of Pediatrics, at Rutgers University, Robert Wood Johnson Medical School beginning on or about June 28, 2024. The financial support will be \$74,088.00 for "year 1". We expect that you will be in the fellowship for two years, assuming satisfactory performance and ongoing funding. A third year can be an option in some circumstances. You will report to Dr. Lawrence Kleinman, Professor and Vice Chair for Academic Development, Department of Pediatrics and be provided with a written evaluation of academic progress at least once each year and an annual stipend increase contingent on satisfactory performance and University policy. Funding will be derived from the RBHS Project Number 835179. The sponsor requires you to sign a commitment to complete your second year of fellowship or alternate service acceptable to the agency. The specific requirement is that for any time spent in the fellowship in Year 1, an equal period of time must be spent to match it. The planned second year of fellowship would fulfill this obligation. This will be a class "9" appointment.

As a Postdoctoral Appointee, you will participate in the University-sponsored Postdoctoral Appointee group comprehensive health insurance plan and Postdoctoral Appointee group term life insurance plan and receive occupational health services at the University's Occupational Medical Service. Postdoctoral Appointees receive one day accrued paid vacation time per month of appointment and up to 15 days excused sick days each year, which may not be carried over into the next year.

You will be working at the Child Health Institute of New Jersey, New Brunswick, NJ 08901. On your first day at the University, you will meet with the Campus Human Resources and Public Safety staff who will assist you in obtaining your University ID card which will enable you to obtain your e-mail account from Academic Computing Services. For this meeting, please bring the following documents:

- 1) two forms of identification, e.g., driver's license and social security card and/or passport;
- 2) proof of your highest degree (a copy of your diploma will be made).

If you agree with the terms of this acceptance, please sign your name in the space provided below and return the original to me in the enclosed envelope.

We welcome you to Rutgers University, Robert Wood Johnson Medical School and trust that this postdoctoral experience will broaden your educational background and further your career. For your information and convenience, a copy of the Post Doctoral Appointees at legacy UMDNJ units of Rutgers Biomedical and Health Sciences (RBHS) is enclosed.

Lawrence C. Kleinman, MD, MPH, FAAP  
Professor and Vice Chair for Academic Development  
Chief, Division of Population Health, Quality, and Implementation Science (PopQuIS)  
Department of Pediatrics, Rutgers RWJMS

I accept this postdoctoral appointment.
