

Table 2: Association between early breastfeeding problems (at 1 or 2 months) and 6-month breastfeeding	
	OR (95% CI)
Full cohort (N=9075)	0.80 (0.72 – 0.89)
Black race, ever Medicaid (N=1432)	0.86 (0.68 – 1.10)
Black race, never Medicaid (N=434)	0.57 (0.37 – 0.89)
White race, ever Medicaid (N=413)	0.92 (0.56 – 1.52)
White race, never Medicaid (N=4110)	0.80 (0.67 – 0.94)
Hispanic ethnicity, ever Medicaid (N=504)	0.87 (0.58 – 1.32)
Hispanic ethnicity, never Medicaid (N=396)	0.62 (0.38 – 0.99)
Each row represents a separate regression. All regressions adjusted for prematurity, sex, race and ethnicity, and ever using Medicaid as a proxy for socioeconomic status.
