

March 21, 2025

Congratulations on matching to the UT Southwestern / Children's Health Pediatric Residency Program! On behalf of our entire team, I am delighted to welcome you to our family. We are dedicated to providing you with a first-class education in an environment that is both stimulating and supportive.

Our Residency Program has an outstanding reputation for training pediatricians who are thoughtful, confident, and passionate about advancing care for children. Our program provides a wealth of opportunities to grow, learn, and successfully launch your career as a future leader in pediatrics. In addition to a robust core foundation encompassing the breadth and depth of clinical pediatrics, you will also be able to explore your interests through individualized curricular experiences and special projects including research, advocacy, and community engagement. Our goal is to help support and guide you in your journey.

You will find that our faculty are leading the forefront of pediatric medicine and are both approachable and enthusiastic about teaching. Our facilities at Children's and other training locations are state-of-the-art and our interprofessional colleagues are fantastic educators and care team partners – all dedicated to improving the lives of the children we serve.

Dallas is a large, vibrant, and rapidly growing metropolitan area that is one of the most diverse and dynamic places to live within the United States. With many different neighborhoods, each with their own character and style, Dallas offers a wide array of living and recreational opportunities. It is a wonderful place to call home!

Welcome to UT Southwestern and Children's Health – we are excited to welcome you aboard!

Sincerely,

Andrew Yu, MD
Program Director
