

Abstract Submission Site Instructions

NOTE: You will need to **create a new account** within the submission system by clicking the “Join Now” button.

Welcome to the 2023 Annual Meeting Submission Site

Members are encouraged to submit original research, teaching, and extension papers. Oral papers or posters should consist of original, completed work that has not been accepted for publication in a journal.

Authors need to be aware of patent considerations before submitting abstracts for publication.

Abstract text is limited to 450 words, excluding title, keywords and any tables. Do not double-space between sentences as this extra space is considered a word in the count.

After the deadline, it will not be possible to submit abstracts. When you submit your abstract, you will be given an abstract ID number and password. Make a note of these; they will allow you to revise your submitted abstract at any time before the deadline. **Please have the abstract ID number on hand when contacting the ASAS office with questions or concerns regarding your abstract submissions.**

Submission Deadline: March 21, 2023

[Click here](#) to view the Quality Standards for Abstracts.

Submission Fees

There is a required \$45 technology fee per abstract due upon submission. This fee helps mitigate the cost of e-Posters and other meeting technology. The system will not let you proceed to the confirmation step until an abstract is paid for. This fee is nonrefundable.

Abstract Requirements

The author submitting the abstract is responsible for its content and the quality of the preparation.

Abstracts are required for all general presentations and all student competitions. Invited Speakers are not required to submit an abstract.

Individual Program Committees have the responsibility of accepting or rejecting abstracts. Criteria for acceptance or rejection will include those outlined in these instructions and the "Quality Standards for Abstracts" document, as well as originality, clarity, and merit. Consolidation of results into one combined paper is urged whenever possible.

NOTE: Abstracts will only be accepted or rejected. There will be no revisions after the deadline.

The Overall Program Chair has the authority to restrict the number of abstracts accepted. The Program Committee Chairs have the authority to restrict the number of presentations per presenter. However, there is no limit on the number of abstracts an individual may submit. **Note: the presentation format you request may not be the format assigned to an accepted abstract.** Individual Program Committee Chairs have the prerogative of placing papers submitted for oral presentation into a poster presentation, or vice versa.
